Belts for the Bakery Industry

Ammeraal Beltech

- knows your process
- for all your belting needs
- just-in-time delivery

Knowing your production process

Specialist in your industry

Within the food industry, Ammeraal Beltech has been setting the standard for many years with a consistent high product quality and market specific hygiene features. Innovations over the years have resulted in a number of food safety and hygiene concepts.

Ammeraal Beltech
member European
Hygienic Engineering
& Design Group

Food Grade belts
comply with
EC 1935/2004,
EU 10/2011 and
FDA standards

Food safety and hygiene belt solutions

- Easy detection and reduced eye fatigue – Blue Belts
- The Ultimate Hygienic Belt – Soliflex Belts
- A contamination safeguard – KleenEdge® non-fray edge
- Assistance in lowering bacteria counts – AntiMicrobial Belts
- Full width Modular Belt link without joint slot – Single Link®
- Snap Link® for hygienic and easy cleaning – Pinless Belts
- Durable and easy to clean belt edges – Amseal sealed edge
- Hygienic, easy cleaning inclines – Footless flights
- Crack free coatings for plied belts – Nonex and Ropanyl

Products comply with international food standards, such as EC 1935/2004, EU 10/2011, FDA, USDA and assist in your HACCP programs.

Sanitation and hygiene

- Low hygiene levels in any stage of your production process can affect the good quality and shelf life of your products and may even cause health hazards.
- Our hygiene concepts have proven to be the solution in many cases.
- New experiences and knowledge are acquired daily, ask the Ammeraal Beltech experts for their opinion on your specific problem or requirement.

Meeting all your belting needs ...

New uni M-QNB NS is developed for tight transfers in the food industry, this non-stick belt is ideal for proofing

New proofing Modular Belt for raw dough

The uni Modular M-QNB NS offers perfect conditions for rising of dough after shaping. Easy product release is also obtained due to the non-stick surface in combination with the pattern of the belt.

All uni Modular Belts are (dis)assembled quick and easy, most use the unique Lockpin system. Wear resistant materials guarantee a long belt and chain life.

uni Flex SNB and Flex ASB for very compact conveyor systems. Combined straight and curved sections reduce the use of transfer plates

uni Flex SNB for incline and decline conveying

The 55% open belt surface allows for maximum cooling. The belt can flex in all directions, making it suitable for versatile in many applications. The special radius surface increases the product quality due to minimized contact area.

uni Flex ASB, a proven belt for spiral applications. The hygienic design is ideal for cooling, freezing, drying and proofing

Meeting your requirements with uni Modular Belts

Reduced energy consumption

- The uni Flex series are the ideal solution for combining straight and radius applications in one belt.
- This new generation of radius belts is easy to clean thanks to an improved hinge design.
- Standard POM-D material improves the non-stick characteristics, reducing friction and thus, energy consumption.

... with regular and ...

Nonex Belts

- resistant to chlorine cleaning agents
- available with AntiMicrobial properties
- Food Grade grip covers

AmDough Belts

- for rotary moulder and rotary cutter
- various absorption capacities
- strong reinforced selvages

Soliflex PRO Belts

- solid and homogeneous belt
- easy and fast to clean
- self-tracking design

Ultrasync Positive Drive Belts

- for synchronised slip-free conveying

Curve Belts

- smooth transport of products

Soliflex and Soliflex PRO products are not available in all areas. Contact your Ammeraal Beltech sales professional for additional information.

Fabric and Ropanol Belts

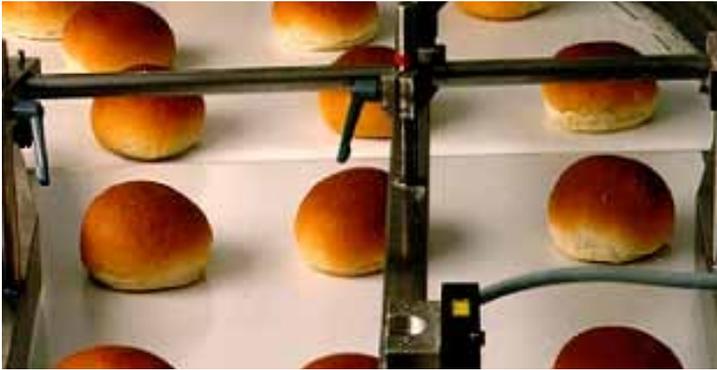

- excellent non-stick properties
- non-shrink
- spliceable rotary moulder belts

Ropanyl Belts

- very flexible for knife edges
- high lateral stability
- grip and non-stick properties

... specialised belts

Permaline Belts

- no colour restrictions
- time saving – turn-key solution
- food safety

Self-Tracking Belts

- user friendly
- quick installation/replacement time
- increased lifespan

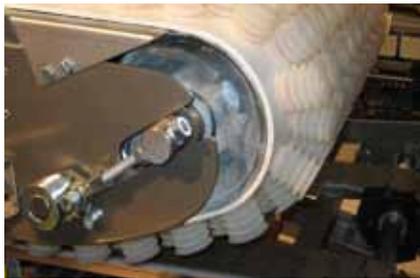

Ultranyl Belts

- short shock temperatures
- resists browning effect
- hydrolysis resistant

Blue Round and V Belts

- to assist in your HACCP program
- easy to clean (less flour)
- for smooth product transfer

Depanner Belts

- special construction for optimum vacuum
- rapid insert retention holders

The One Stop Belt Shop concept

Ammeraal Beltech is a global belting company and a true “One Stop Belt Shop”, able to provide components, services and solutions for processing and conveying products.

Control of the full value chain (development, manufacturing, fabrication, sales, distribution and service) and close co-operation with our customers, suppliers and other partners contribute to our success.

Ammeraal Beltech is the solution provider with the widest belt product portfolio used in the bakery industry.

The benefits offered to end users and OEMs in the bakery industry is our ability to find reliable, cost effective solutions for specific applications. Process belts from ingredients handling to final packaging can be supplied from Ammeraal Beltech's comprehensive range.

Some examples of our bakery belting solutions:

- **AntiMicrobial Belts** for your dough mixer and lamination process
- **Ziplink® Belts** to reduce downtime in your metal detectors
- **Ultrasync Belts** for synchronized conveying of non stress rising dough
- **AmDough Belts** for rotary moulder and rotary cutter processes
- **Engineered Belts** custom made for your packaging machine
- **uni Modular Belts** for your cooling or proofing spiral processes
- **Steel and Plastic Chains** for your tray conveying
- Homogeneous **Soliflex Belts** for dough handling and packaging of oily and sticky baked products

local stock
quick belt replacement
short delivery time
24/7 service

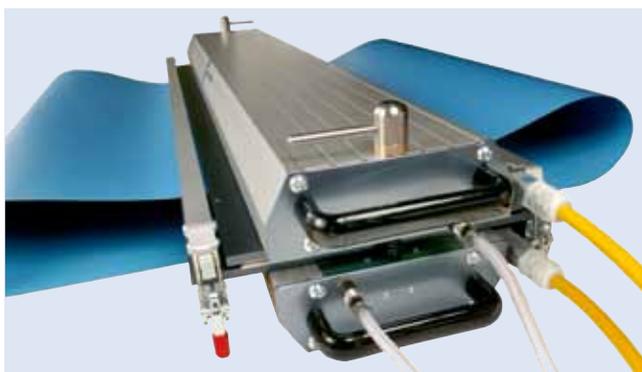

Just-in-time delivery

Ammeraal Beltech understands the importance of keeping your business running and knows how costly and disruptive downtime can be. That's why we offer a worldwide service network, available round the clock, at a local level.

A solid combination of geographical coverage, industry segment knowledge and product management is the foundation of an innovative and service-oriented organisation.

On site consultation ranging from belt cleaning recommendations to problem solving is the aim of our sales engineers. Call your local sales representative for more details on our food safety solutions.

Excellent service, advice and fabrication

- Ammeraal Beltech offers a wide range of belting and accessories to assist in improving hygiene levels to protect against food borne or disease causing bacteria.
- Skilled personnel are on call to repair and install belts using professional equipment, suitable for food plants.
- Most orders can be dispatched directly from stock.
